

Invisible, Indivisible (Kavisha Mazzella)

What is it that makes us tear the page
and begin again?
what is it that makes us weep
and feel our pain?
invisible indivisible
unspeakable aching in my heart
invisible indivisible
unspeakable aching in my heart
wings of love carry me
carry you 'til we meet 'til we part
the thread we feel that links us so
through the universe it goes
past all time and space
to places forgotten
deep and holy
the first kiss our souls meet
this healing in a blinding flash
I fall from the sky looking at your beauty
why the sword? why the chains?
why the locks?
the guns? when we could just fly?
this sorrow this joy this let go
this hello this goodbye
invisible indivisible
unspeakable radiance you hold
invisible indivisible
unspeakable radiance in my heart
invisible indivisible
unspeakable radiance in my heart
invisible indivisible
unspeakable radiance we hold
